February 29, 2016

Dear Coordinator:

It's that time of the year again to commit to Discovery Education to provide quality, educational digital media to your educators and students. I'm happy to report we will not be raising the price on Discovery Education for anyone. The prices and tiers will remain the same as last year.

When LPB commits to the Discovery statewide contract we are responsible for the entire cost and must pay the full amount upfront. Before assuming that liability, we must be certain that districts and schools that have subscribed in the past will continue to do so in the 2016-17 school year. Therefore, it is imperative that your letter of commitment be received at LPB by **5 p.m. April 10th**. Unless we see sufficient support to assume the liability for the contract by that time, we may not be able to make the commitment. We do not want your teachers to be surprised by a loss of service.

For more than a decade LPB has been pleased to partner with you to provide this service to schools, and we would like to continue this partnership.

Please submit your letter of commitment by April 10th, and we will tell you whether there is sufficient support for us to proceed.

Sincerely,

Beth Courtney

CEO
