**ANTIQUES ROADSHOW BATON ROUGE: BEHIND-THE-SCENES**

Monday, December 2 at 7PM & 9:30PM
Sunday, December 15 at 4PM

If you were one of almost 5,000 people who attended the Antiques Roadshow stop in Baton Rouge or one of the unlucky ones who couldn’t get a ticket, this is a chance to see what was happening behind the scenes during the July 27 event. The special produced by LPB’s Gary Allen and hosted by Louisiana: The State We’re In’s Charlie Whinham, will include interviews with Roadshow host Mark L. Walberg and Executive Producer Marsha Bemko. The special also follows former LSU Professor Barbara Sims and her Sun Records collection, and former legislator Chuck McMains and his two British muskets, one of which may have been used in the Battle of New Orleans.
In this special episode, look high and low through ROADSHOW’s archive of appraisals for unusually teeny treasures and outsized objects.

Brenda shares compelling evidence of the connection between digestive health and heart health, and includes easy, simple ways to protect and strengthen the heart by balancing the gut and achieving healthy digestion.

This new special presents classic soul, R&B and dance from the 1970s and early 1980s. The program captures the smooth, sexy and sophisticated sounds of the greatest groups and solo performers.

Vocalists Lisa Lambe, Susan McFadden, Méav Ni Mhaolchatha and Celtic violinist Máirtéad Nesbitt perform timeless holiday favorites (“Silent Night,” “I’ll Be Home for Christmas,” “It Came Upon a Midnight Clear,” “Joy to the World”) with their signature Celtic twist, under the distinctive musical direction of Emmy-nominated music producer David Downes. The concert was filmed at Dublin’s Helix Theatre and features some of Ireland’s finest musicians composing a 36-piece orchestra and the 40-member Philharmonic Choir.
IL VOLO BUON NATALE
Tuesday, December 3 at 8:30PM

Join the Italian vocal trio Il Volo to usher in the holiday season with performances of favorite Christmas classics. Filmed at the Fillmore Miami Beach at Jackie Gleason Theater, this new special features “I’ll Be Home for Christmas,” “It’s the Most Wonderful Time of the Year,” “O Holy Night,” “Jingle Bell Rock” and many more.

GREAT PERFORMANCES
Pavarotti –A Voice for the Ages

Sunday, December 8 at 7:30PM
Saturday, December 14 at 5:30PM

Like Enrico Caruso before him, Luciano Pavarotti extended his presence far beyond the limits of Italian opera. Quickly establishing his trademark rich sound as the great male operatic voice of the 20th century, he expanded his reach to stadium concerts and pop collaborations which brought him fame beyond measure. The 50th anniversary of the launch of Pavarotti’s meteoric international career is celebrated in this new special featuring some of his most memorable performances including “Nessun Dorma” and other beloved arias from La Boheme, Rigoletto and Aida, audience favorites “O Sole Mio” and “Torna a surriento,” and popular duets with Bono, Sting, and Eric Clapton.

By the early 1990s, there were estimated to be fewer than 400 Louisiana Black Bears left in the world. This small subspecies of the American Black Bear was immortalized as the inspiration for the “Teddy Bear” during an infamous bear hunt by President “Teddy” Roosevelt in the Mississippi River Delta in the early 1900’s. Today, thanks to an aggressive effort to reestablish this endangered animal to its original habitat and to restore that habitat, the Louisiana Black Bear is close to being removed from protected status. Learn more about the broad-based effort to bring the animal back from the brink of extinction through improved land management, high-tech monitoring and public education. Find out why this small bear has captured America’s imagination and adoration for more than a century, and the lengths some will go to save them. It’s followed by an encore showing of the first program in the Alive! series on restoring the Whooping Crane population.

The fictional Sherlock Holmes was a scientist who used chemistry, bloodstains and minute traces of evidence to catch criminals. In an era when eyewitness reports and “smoking gun” evidence were needed to convict criminals, Sherlock Holmes’ crime-scene methods were revolutionary. Forensic scientists, crime historians and Sherlockian experts reveal for the first time the astonishing impact Arthur Conan Doyle’s creation had on the development of real-life criminal investigation and forensic techniques. With a mix of interviews, dramatic reconstruction and archives, the program tells the story of the impact and legacy of the most famous crime fighter in history.

Occupations in the fields of Science, Technology, Engineering and Math (STEM) are projected to grow by nearly 10% over the next five years. Experts estimate Louisiana alone will have 69,000 STEM job vacancies by 2018. But who will fill these positions? Currently in Louisiana, there are nearly three STEM job openings for every unemployed worker. How can Louisiana better equip its citizens for future STEM positions? Are Louisiana’s educators adequately prepared to teach STEM courses? And how can students be encouraged to pursue STEM careers? Louisiana Public Square travels to the Math, Arts and Science Academy in Iberville Parish to look for answers. Panelists include: Ken Bradford, Office of Content, LA Department of Education; Cathi Cox-Boniol, ACHIEVE Coordinator, Lincoln Parish Schools; Curt Eysink, Executive Director, LA Workforce Commission; Stacey Chiasson, Dow Chemical Company and Dr. Isiah M. Warner, Boyd Professor of Chemistry, LSU. The program was made possible in part by a grant from Dow Chemical.

### From Jesus to Christ

**Part I**

- **Tuesday, December 24 at 9PM**

**Part II**

- **Tuesday, December 31 at 9PM**

Part I charts the epic story of the rise of Christianity, from the life of Jesus to the period that followed his death. Part II documents how Christianity grew from a small Jewish sect to be the official religion of the Roman Empire.
The special celebrates the life and career of Peabody, Emmy, Grammy, Oscar and Tony winning composer Marvin Hamlisch. With new interviews with family, Barbra Streisand, Steven Soderbergh, Quincy Jones, Christopher Walken, Sir Tim Rice, Joe Torre, Woody Allen, John Lithgow, Lucie Arnaz, Ann-Margret, and others, this special reveals the events that led to both his staggering success and, ultimately, his even greater humanity: his creative process, struggles, inner turmoil and breakthroughs.

Chummy, PC Noakes and baby Freddy are back in the East End. Sister Bernadette, now known as Shelagh since leaving the convent, is preparing for her wedding to Dr. Turner. Jenny is facing huge challenges personally and professionally. At Christmas, when an unexploded World War II bomb is found under a warehouse close to Nonnatus House, the nuns and dozens of local families become homeless. Dr. Turner is in a race against time to immunize children against polio, but when the illness strikes closer to home, he finds there's nothing he can do but hope. Chummy persuades a royal visitor to the East End to open the new Community Centre. It's a race against time as Chummy tries to get everything in place for the big day.

Artist Mark Carroll (left) got a chance to meet the people who bought his art at the Art Rocks Café on Friday, October 18. Of course, it wasn’t that hard to arrange the meeting since Mark is a graphics artist in the LPB Production Department and just had to walk to the front of the building. Marilyn Ehr (Center) bought Mark’s work for her daughter Susan Smith (Left).
LPB was honored by the National Educational Telecommunications Association for its program *Sunshine by the Stars: Celebrating Louisiana Music* on October 21 at the group’s annual convention in Atlanta.

*Sunshine* was named as the Best Performance. It features an all-star lineup of Louisiana performers singing their own unique version of Louisiana’s state song “You Are My Sunshine,” made famous by Jimmie Davis, who went on to serve two terms as the state’s Governor.

The program was produced by LPB in association with the Lt. Governor’s Office and Harry Connick, Jr. who narrated the show and performed with his band. LPB producers were Ben Williams, Tika Laudun, Christina Melton and Donald Ray Washington.

Christina Melton & Donald Ray Washington picked up the award at the NETA Convention for *Sunshine by the Stars: Celebrating Louisiana Music* on October 22. Also pictured is NETA Executive Director Skip Hinton.

**NEW BOARD MEMBERS**

Friends Board Chairman Philip Juban (right) welcomes new board members Suzanne Gautier, Laura Lindsay, Catherine Harrell to the board at the November meeting.
A lot of attention is given to the young people who get into trouble or underachieve in school, but often the students who do exceptionally well in the classroom or make a huge difference in their community do not receive the recognition they deserve. That’s why LPB and the Rotary Club of Baton Rouge created the Louisiana Young Heroes Awards. Now in its 19th year, the awards honor students in grades 7-12 who have excelled in the classroom, served their community or shown great courage in overcoming adversity in their own lives.

Nominations are now being taken for the 2014 Louisiana Young Heroes Awards. Students must be enrolled in a Louisiana school or homeschooled and cannot be older than 19 years of age.

Former Young Heroes have overcome physical handicaps, raised money for charity, cared for family members, assisted hurricane victims, and even saved lives.

Nomination forms can be downloaded from LPB’s website (www.lpb.org/heroes) or submitted through the online form. Letters of recognition, newspaper articles, copies of awards, and other supporting materials should be sent to support the nomination. Remember – the panel of judges get to know the student solely through the material submitted with the application.

Students who have been nominated in past years may be re-nominated for this year’s awards. Previous winners are not eligible. The deadline for entries is February 7, 2014. Winners will be announced on the air and on the LPB website on Friday, February 28, 2014.

Louisiana Young Heroes Day will be Wednesday, April 16, 2014. The Young Heroes will be treated to a day full of activities including lunch on the grounds of the Governor’s Mansion. The day will culminate in a banquet that night in Baton Rouge.

The awards are co-presented by the Baton Rouge Rotary Club and LPB. Underwriters for the Louisiana Young Heroes Awards are Acadian Companies, CenturyLink, and Credit Bureau of Baton Rouge Foundation.

For more information, call Margaret Schlaudecker at (800) 272-8161, ext. 4276 or (225) 767-4276, or email kids@lpb.org.

MOYERS & COMPANY’S TO CONTINUE ON PBS

It was announced in November that Bill Moyers’ latest endeavor for public television would be shutting down in January after two years on the air. After the announcement was made, new underwriters stepped forward that will allow a half hour version of Moyers & Company to continue airing on public television stations for the coming year.

NEW ERA BEGINS AS OUR LADY OF THE LAKE REGIONAL MEDICAL CENTER OPENS HEART & VASCULAR INSTITUTE

A new destination for heart care recently opened in Baton Rouge as Our Lady of the Lake Regional Medical Center announced the official opening of a nine-story Heart & Vascular Institute dedicated to changing the future of cardiovascular disease treatment in Louisiana.

“This is a transformative milestone in the history of Our Lady of the Lake as we mark the culmination of our long-time vision of improving cardiovascular disease.

We’re building on our recognized centers of excellence by providing comprehensive care for the southern U.S. region,” said K. Scott Wester, president and chief executive officer of Our Lady of the Lake.

The design of the 330,000 square foot Heart & Vascular Institute is based on national best practices and encourages innovation with evidenced based models to provide the highest levels of quality in patient care and safety in a healing and comforting environment.

The Heart & Vascular Institute opened with 141 licensed beds with all-private patient rooms that offer sleeping accommodations for family members, including the intensive care rooms. Designed in partnership with physicians, nurses and other clinical team members, the new facility also features a universal patient floor, which is an evidenced-based care model that maintains the care continuum in one location so that patients stay in the same room throughout their healing process. Six operating suites and four catheterization labs offer the most sophisticated cardiac diagnostic imaging equipment and the latest technology for surgical and minimally invasive procedures. The addition brings the total to 41 operating suites within the medical center.

With a healing garden, soaring windows, calming color palettes and a hand-picked collection of art work, the new building is designed to provide a welcoming and caring environment to advance the healing process.
