

Your Daily Learning Platform

Built around the amazing, timely content we're known for, our K-12 platform is one secure place teachers can rely on to create engaging learning experiences, closely track student progress, and gain professional inspiration—every day.

Engage All Students

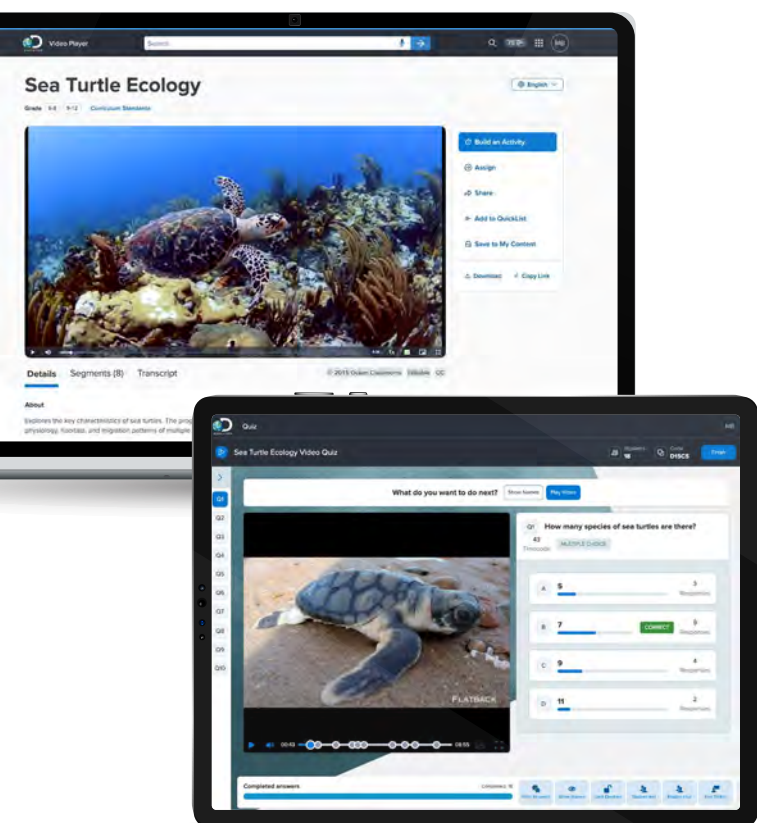

Timely, relevant content + useful teaching tools all in one place.

No matter what you teach or how your students learn, you'll find attention-grabbing content for tomorrow's lesson.

Explore our treasury of high-quality content resources that span all subjects, grades, and relevant topics of interest, with built-in language and literacy support.

Every month, we add hundreds of new content resources to answer the need for timely, relevant teaching opportunities.

We also work closely with trusted content partners to deliver unique experiences like Virtual Field Trips, career explorations, and behind-the-scenes at global organizations.

Incorporate our rich content into the learning experiences you design and deliver every day. Then track student progress in real-time.

Once you've found and saved the content you love, take advantage of innovative teaching tools that help you use that content in creative ways.

Build engaging activities right from the **Video Player**, then assign or share directly with students and other colleagues.

Use **Studio** to design creative activities, present engaging lessons, and collaborate with students.

Promote active learning in the classroom and check student understanding at strategic moments with the **Ask Live Quiz**, **Standard Quiz**, and **Video Quiz**.

Support All Educators

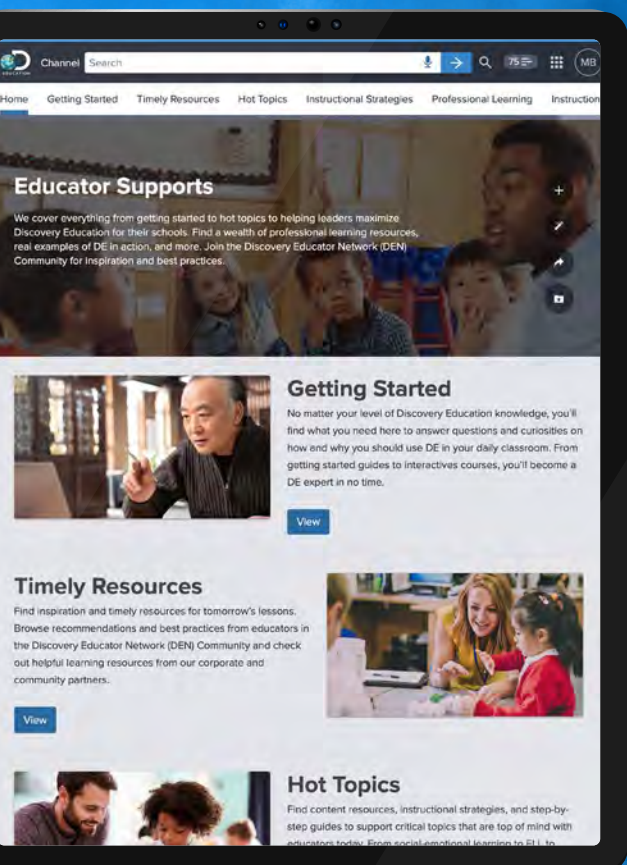

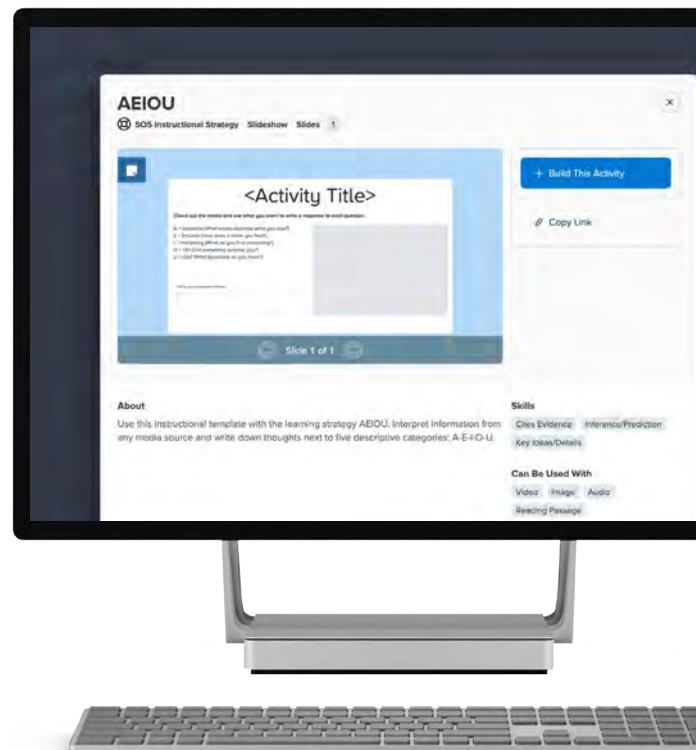

Time-saving resources for teaching, creating, and growing professionally.

From strategies to templates, find educator-inspired tools that give you time back with your students.

Created by educators, for educators, our popular **SOS Instructional Strategies** promote research-based best practices used in classrooms every day around the world.

Over 1500 ready-to-use activities combine the best of our content + popular strategies to give you that magic formula for constructive, engaging lessons. Use as-is for turnkey assignments or customize in Studio.

Use **Studio** to build your own activities and presentations and collaborate with students every day. Start from one of many **Activity Templates** to save time and effort.

Get the professional learning and support you are looking for.

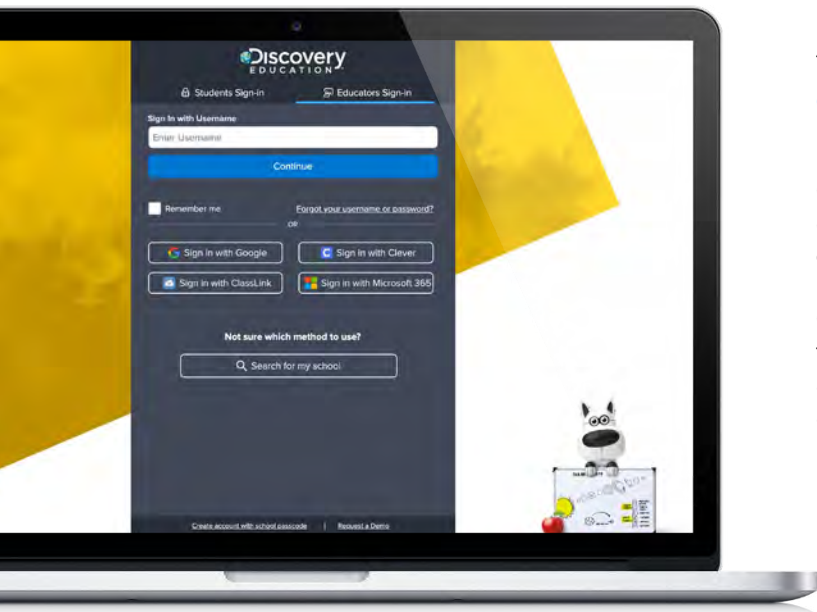

Find self-paced interactive courses, toolkits for leaders, live events, on-demand sessions, and more.

Discover the Social-Emotional Learning Center and English Language Learner Center, as well as other support systems for critical topics.

Connect to the Discovery Educator Network (DEN) Community, the largest global network of educators, for fresh ideas and best practices that inspire teaching innovation.

Access Your Digital World

One secure platform that seamlessly integrates with your other edtech tools.

Consolidate and simplify your and your students' online experience with the systems you depend on every day. New login methods make accessing Discovery Education effortless, without compromising security. Our integrations with learning management systems are tighter than ever, so you can easily merge our content and resources into the learning environments you already have in place.

We made it super easy to sign in to Discovery Education.

Use QR codes for quick student access. Can't remember how to sign in? Search by school or username—we'll guide you the rest of the way.

Our integrations with learning management systems are better than ever.

Quickly search for resources in Discovery Education and share them through your LMS.

We're also friends with Google and Microsoft.

Share Discovery Education resources in assignments, questions, announcements, and materials within Google Classroom and Microsoft Teams.
