**Week of  
September 7th**

## **Hello, Families!**

Welcome to "**Learn Along**" Bingo! We're happy to share PBS KIDS activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With "Learn Along" Bingo, children can view, explore, and play as they learn alongside their PBS KIDS friends on the PBS KIDS 24/7 channel. We hope your family will use it to inspire learning each and every day.

### **It's Nature Week!**

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

### **Learning Spotlight: "Making Observations"**

This week, we're learning how to observe and learn about nature with our eyes, ears, nose, mouth, and skin. Making observations is an important skill that helps scientists learn about our world.

### **Show What You Know: Let's Observe Place Mat**

The last activity in this packet is one special way for children to show what they've learned about making observations with a grown-up.

**Tune in:** Watch the new PBS KIDS program, ELINOR WONDERS WHY on Tuesday, September 8th at 3:30pm EDT on the PBS KIDS 24/7 channel.

Ready for more? Watch your favorite PBS KIDS shows on the 24/7 channel and live stream at [pbskids.org/video/livetv](http://pbskids.org/video/livetv) or on your local PBS station.
