

CMS Asset Guidelines

The following guidelines have been set up to assure the efficient storage and maintenance of assets in LPB's Content Management System (CMS). Under **ASSETS** in the CMS, you will find the primary **IMAGES** folder. Within that folder are several key sub-folders intended to organize our content into major and sub-major categories.

First and foremost, always remember to search for an asset before adding it to the CMS. To search for an asset:

- 1) Be sure you are in the main **IMAGES** folder.
- 2) Identify a short, unique key phrase to use as a search term. For example, use *houseboat* if you are searching for *Atchafalaya Houseboat* rather than *Atchafalaya* as there are many programs about the Atchafalaya. Also remember that users before you may have used common abbreviations such as *swi* for *Louisiana: The State We're In*.
- 3) Once you type in your search term, be sure to check the box to "Search subfolders"
- 4) If you don't get the results you expect, try a different search term.

If the image you want to use does not exist (for example, a brand new production,) then you will need to add the image by uploading it. Take a moment to think about the image you are uploading, and follow these guidelines when you are deciding which folder to upload the image to:

- 1) Is this image for an LPB production? If so, upload the image to the appropriate sub-folder under **Programs**. Since the sub-folders are labeled by NOLA code, you will need it. If the sub-folder does not exist, then you can create a sub-folder by right-clicking on **Programs** and selecting *New subfolder* then type the NOLA code in ALL CAPS. On some browsers, you may have to press the ESC key to have the right-click menu go away. Leslie or Traffic can assist with NOLA codes.
- 2) Is this image for a PBS Kids or PBS Parents production? Then, upload to PBS-KIDS-PARENTS.
- 3) Is this image for a PBS, BBC, APT, pledge (non-LPB) or other external production? Then, upload to PBS-APT-BBC-ETC.
- 4) Is this image for a sponsor or underwriter? Upload to sponsor folder.
- 5) Is this image used primarily for promoting Passport? Upload to passport folder.
- 6) Is this image taken from the LDMA? Upload to LDMA folder.
- 7) Is this image for Friends of LPB? Upload to Friends folder or the Friends auction, events or raffles subfolder.
- 8) Is this image used primarily by Education Services? Upload to the education folder.
- 9) Is this image an LPB brand logo? Upload to lpb folder.
- 10) Is this image a generic image that can / may be reused again? Upload to stock-images folder.
- 11) Does this image not fit anywhere else and will it only be used in the newsletter? Upload to lpb newsletter subfolder.
